

# PerfectSheer™ Shades

## Product Care Instructions

Sheer shades have been an elegant window treatment solution for decades. Our introduction of PerfectSheer™ comes after years of engineering and design. PerfectSheer™ truly delivers on a number of desired effects of fine window treatments:

- Light transformation
- UV protection
- Softened views while enjoying privacy

We have delivered on these needs while incorporating superior industry enhancements:

- Tightest vane closure in its category for privacy/light control
- 100% Woven seams; not glued, sewn or heat fused
- Hem bar doesn't rise above the window sill in the closed position

## **Maintaining PerfectSheer™ Shades**

Routine cleaning will help maintain the beauty of your shade. Here are the proper methods for cleaning PerfectSheer™ shades:

### **Light Dusting**

Use a duster or gentle air blower to remove any dust. Do not vacuum.

### **Spot Cleaning**

If necessary, use a soft cloth or non-abrasive sponge with lukewarm water and blot the shade gently to avoid creasing or damaging the fabric. Rubbing may damage the fabric.

After spot-cleaning, keep the shade lowered and do not lift until fabric has completely dried. Do not use bleach or cleaning products that contain bleach.

### **Ironing**

One of the benefits of polyester is its non-wrinkling qualities. However, if wrinkles or creases develop, use a fabric steamer.
