

NORMAN®

SHUTTERS. BLINDS. SHADES.

Did you know...

That window blinds are among the top five hidden hazards in U.S. homes according to the Consumer Product Safety Commission?

SAFE SHADES FOR KIDS

Parents and parents-to-be have a million things on their minds when it comes to raising children. But every parent needs to be aware of child safety, and this begins in the home.

As part of our cord safety awareness campaign, every household in the United States and Canada (excl. AK and HI) with a child under the age of eight (8) years old is eligible for one **FREE custom-made cordless honeycomb shade.**

To order your **FREE** shade, visit
